Take another calendar and throw it out,
Another month is down, and you're still by my side
So I just wanna thank you for loving me,
Unconditionally, no matter how hard I try

Even the perfect words will never be enough
To explain exactly what you've done
Oh I can try and try to stand on my own
But I will always come home

I don't think I'll ever be as strong as you
Or do the things you could or the strength that you
show
So I just wanna thank you for letting me, go out and live
my dreams
And I need you to know

Even the perfect words will never be enough
To explain exactly what you've done
Oh I can try and try to stand on my own
But I will always come home

Ohh ohhh, ohh ohhh, ohhh ohhh

The farther the distance, the stronger the love
I just wanna thank you, thank you
The farther the distance, the stronger the love
I'm coming home

Even the perfect words will never be enough
To explain exactly what you've done
Oh I can try and try to stand on my own
But I will always come home
