No I don't wanna go, no I don't wanna leave, no
Cause everywhere you are, is where I wanna be

And I can see that your lies, well they stand by
But you hold on for me, for me
And I don't wanna take away the wind
Everywhere that you have never been
I don't wanna hold you down, my satellite, satellite
And I don't wanna say I'll ever be nothing more to you
than gravity
And I don't wanna hold you down my satellite, satellite

There's something in your smile
There's something in your laugh, ohh
Well it's breaking my heart, to keep holding you back

And I can see that your lies, well they stand by
But you hold on for me, for me
And I don't wanna take away the wind
Everywhere that you have never been
I don't wanna hold you down, my satellite, satellite
And I don't wanna say I'll ever be, nothing more to you
than gravity
And I don't wanna hold you down my satellite, satellite

Woah oh, you know there's so much waiting on the
other side
Woah oh, you know, I wanna let you shine
You are my satellite

I don't wanna take away the wind
Everywhere that you have never been
I don't wanna hold you down, my satellite
And I don't wanna say I'll ever be, nothing more to you
than gravity
And I don't wanna hold you down my satellite, satellite

I don't wanna take away the wind
Everywhere that you have never been
I don't wanna hold you down, my satellite

No I don't wanna go, no I don't wanna leave, no
