Now I got you on my mind
Cause I know now you're leaving town
I just wanted you to say:
"Why don't you come or should I stay"
You're going away I'm said it's okay
Why don't I ask you love to come and stay
Come and stay

Waitin every day| till my mind go mad will you ever
come back
Stay|Stick|Sit around till the sky turn black and I hear
you say:
"I'm on my way" got me under your thumb whatever
Fun come around be my moon and the sun till the day
that we're gone

Am I blinded by the dark?
I feel strange now that we're apart
I can't see to find the time
For any joy or any thought of life
Are you okay tell me are you okay?
I'm afraid your will won't ever cross my way
Cross my way

Waitin every day till my mind go mad will you ever
come back
Sit around till the sky turn black and I hear you say:
"I'm on my way" got me under your thumb whatever
Fun come around be my moon and the sun till the day
that we're gone

Now I've heard you're coming home
Well I won't take or pick up the phone
I will meet you in the street, yeah!
Suddenly out of frequency
I've been okay yeah I've been okay
Why don't you knock my door and come and stay
Come and stay

Cause I'm waiting every day till my mind go mad will
you ever come back
Sit around till the sky turn black and I hear you say:

"I'm on my way" got me under your thumb whatever
Fun come around be my moon and the sun till the day
that we're gone

Waitin every day (8 times)
