They say that I'm dangerous  
Like everything I touch it falls apart  
If I were to tell, they'll kill me now  
So I'm cut to the chase

I used to wish on a star but nowadays I need space:  
Satellites  
See the black shades white chain, flashing lights  
Never thought I could do this low in the highlights  
So I asked Phyllis if I could spend another day in  
paradise  
It's the heaven for the gorem 27  
Could it be three years that I'm jammin' with legends?  
I got thousands of fans, I don't get the obsession  
There's a nice guy inside, I guess I've never met him

I could buy a fast car  
But not even an aeroplane can seem to get me out of  
here  
The pressure and the stress are both dying to see the  
end of me  
And the man in the mirror is looking at me like an  
enemy

Whoa  
What doesn't kill you makes you stronger every time  
Whoa  
Don't let em tell you how to live your life

They say that I'm dangerous  
Like everything I touch it falls apart  
If I were to tell, they'll kill me now  
So I'm cut to the chase

Cause I'm living like a Rockstar  
I ain't afraid to die young  
Cause I be living like a rockstar  
I blow up a million miles away

Uhh Ohh Ohh Uhh Ohh Ohh Uhh Ohh Ohh  
Chicka BANG BANG

Uhh Ohh Ohh Uhh Ohh Ohh Uhh Ohh Ohh  
Chicka BANG BANG

Mama always told me there's someone looking over  
me  
Think she meant the guy with the camera tryna follow  
me  
Be careful what you wish for, cause the truths a little  
different  
If the guardian's my angel, I wish sometimes he would  
call to me  
Then everything's all public, but I didn't prepare  
I get shok up everytime I'm in your bed  
Put a star in the room, man I swear it changes the  
atmosphere  
Cause I'm a celebrity, can someone get me out of here

Whoa  
What doesn't kill you makes you stronger every time  
Whoa  
Don't let em tell you how to live your life

They say that I'm dangerous  
Like everything I touch it falls apart  
If I were to tell, they'll kill me now  
So imma cut to the chase

Cause I'm living like a Rockstar  
I aint afraid to die young  
Cause I be living like a rockstar  
I blow up a million miles away

Cause I don't care, I don't care  
Take me there, take me there  
Na nan a I aint scared, I aint scared  
Take me there  
But imma cut to the chase

You ain't a legend till your set in stone  
But now your just flesh and bone  
Just a little proud child bored at home  
I'll be the best till my dying breath: Brian Jones  
A wise girl once sang tears dry on their own  
Fuck a moment of silence in my house  
We shut the whole shit down for Winehouse  
You, so I've got something to say  
Take aim, pull the trigger  
Cause your never going to blow me away

They say that I'm dangerous  
Like everything I touch it falls apart

If I were to tell, they'll kill me now  
So imma cut to the chase

Cause I'm living like a Rockstar  
I aint afraid to die young  
Cause I be living like a rockstar  
I blow up a million miles away

Cause I don't care, I don't care  
Take me there, take me thaere  
Na nan a I aint scared, I aint scared  
Take me there  
But Imma cut to the chase

(Guitar solo)

Uhh Ohh Ohh Uhh Ohh Ohh Uhh Ohh Ohh
