An eye for the sea,
the captain should be awake.
I can't believe we're leaving.
I'm thinking we made mistakes. stop.

if I'm going into battle,
I want to know who's on my side.

I want to see. I want to see.
I want advantage. I want to see.
How can we call this a dream?
I don't think you know what it means.
is happiness running the scene?

well I won't. because I can't.
though I know what I want to believe.

I want to see.

it's taken from me
