You're sitting 'round with all that long blonde hair
I said: "Ooh call me sausage"
Carry on, carry on we'll re said
Ooh call me sausage

Well you don't no you don't
Let me know let me know
What you're thinking
And you don't, no you don't
Let me know, let me know
What you're thinking about

Call me sausage

You beat me up, you really know that's not fair
Ooh call me sausage
You look around with such an insect glare
I said: "Ooh call me sausage"

And you don't no you don't
Let me know let me know
What you're thinking
And you don't no you don't
Let me know let me know
What you're thinking about

Don't look at me with such an instant glass stare
Ooh call me sausage
Pick up the phone, pick up the phone and call me, call
me
Call me sausage

Well you don't no you don't
Let me know let me know
What you're thinking
And you don't no you don't
Let me know let me know
What you're thinking

And you don't no you don't
Let me know let me know
What you're thinking

And you don't no you don't
Let me know let me know
What you're thinking

And you don't no you don't
Let me know let me know
What you're thinking
And you don't no you don't
Let me know let me know
What you're thinking

And you don't no you don't
Let me know let me know
What you're thinking
And you don't no you don't
Let me know let me know
What you're thinking about
