Oh well Hampstead is a place and not for revolution  
I was down the fetchin' knocking two bits of wood  
together  
I seen you pounce around see you looking in the mirror  
Your mummy drives a mini and I didn't have a  
telephone

You're deprived of being deprived x3

If you talk you have to do  
And I changed the line for your Maxie  
I seen you pounce around see you looking in the mirror  
Your mummy drives a mini and I didn't have a  
telephone

You're deprived of being deprived x9
