Let's Have A Fight

Cats got nine lives, I've got one
But a sixth sense protects me from danger
I understand, no cards are given
Don't expect kindness from strangers

You have made it very clear that you don't like me
Don't respect me
Just because that's the way things are
Doesn't mean that's how it oughta be

Wanted it real good
Yeah, you wanted it real bad
Bless me was it the best time I never had

Let's have a fight
Let's have us a fight (woo!)
If it takes all night, you know
It's gonna make it all
It's gonna make it all
It's gonna make it alright

Talk is easy, talk is cheap
But after you get done with it, then
It can lead to indecision
That's the price you pay for it

So let's just have a fight
Neither starting, no one to blame
If I lose, I'll shake your hand
And we can just start up again

I wanted it real good (yay-yow!)
We wanted it so bad
Bless me was it the best time we never had

Let's have a fight (yeah, yeah, yeah)
Let's have us a fight (woo!)
If it takes all night, you know
It's gonna make it all

It's gonna make it all
It's gonna make it alright

Let's have a fight (yeah, yeah, yeah)
Let's have us a fight (woo!)
If it takes all night, you know
It's gonna make it all
It's gonna make it all
It's gonna make it alright

Our love is like an open wall
So let's set out into discover
It's been a wonder wrestling
such pleasure from each other

Wanted it real good (ow-ow)
Wanted it so bad, yeah
Bless me was it the best time I ever had

Let's have a fight
Let's have us a fight (woo!)
If it takes all night, you know
It's gonna make it all
It's gonna make it all
It's gonna make it alright

Let's have a fight (yeah, yeah, yeah)
Let's have us a fight (woo!)
If it takes all night, you know
It's gonna make it all
It's gonna make it all
It's gonna make it all
It's gonna make it alright
Yeah, alright ...!
