Big C big H mash Mary name it  
What a ride what a ride  
You got me dizzy with that bullwhip  
We clutched each other the walls closed in  
Don't bust my chops like Gungadin

We're coming home now diggety dig  
The old zippo bang is what it is  
We got flip-flop rubber, gung-ho toys  
The mohair lockerroom pinup boys

Five years old, he loves the screen  
Kissing with tongues and margerine

Fast and loose in just one thing  
Fast and loose in everything  
They sit around and laugh all day  
Make paree and draw their pay

Pool's not in but the patio's dry  
A shameful waste, we don't know why

I can lift weights what the hell  
My little girl just thinks I'm swell  
No back-slapping daddy-o  
Ran the caddy up to 9-0
