Soft brown eyes that seem to say
Stay a while, I want to play
Would you, could you, do please stop?
He's a lonely pup in a Christmas shop

Thank you lady, thank you sir
Is there someone else that you'd prefer?
He's not selfish, just a flop
Though he wags his tail in a Christmas shop

Mister Santa, if you would
Send him someone, oh so good
Someone who will take him home
For ev'ryone to see

Christmas time, a Christmas tree
With a happy family
Pity him, he's got no pop
He's a lonely pup in a Christmas shop

Mister Santa, if you would
Send him someone, oh so good
Someone who will take him home
For ev'ryone to see

Christmas time, a Christmas tree
With a happy family
Pity him, he's got no pop
He's a lonely pup in a Christmas shop
