Feel like I'm having a meltdown  
It feels like I'm losing control  
They tell me I'm a danger to myself  
Now the crazy train is ready to roll  
Walk that walk like you don't give a fuck  
You've got a right to turn it up and down  
Electric shock, no I can't get enough  
'Cause tonight we're taking over the town  
I'm gonna lose my mind like a maniac  
And cross the line, never looking back  
We're on the loose, getting crazy  
And we've gone cuckoo  
Gonna party till they take us away  
Now I'm swinging off of my hinges  
I'm cocked and I'm ready to go  
Go on and pack up your things  
This crazy train is ready to roll  
Walk that walk like you don't give a fuck  
You've got a right to turn it up and down  
Electric shock, no I can't get enough  
'Cause tonight we're taking over the town  
I'm gonna lose my mind like a maniac  
And cross the line, never looking back  
We're on the loose, getting crazy  
And we've gone cuckoo  
Gonna party till they take us away  
Gotta get out of this straight jacket  
Whoa cuckoo  
I've gotta get out of this straight jacket  
Whoa yeah  
I'm gonna lose my mind like a maniac  
And cross the line, never looking back  
We're on the loose, getting crazy  
And we've gone cuckoo  
Gonna party till they take us away  
Lose my mind, gonna lose my mind,  
I'm gonna lose my mind  
Gonna party till they take us away  
Lose my mind, gonna lose my mind, yeah  
Gonna party till they take us away
