Break out all the mechanical  
Step right up to the freaky and tangible  
Hands uncuffed, take the leash off this animal  
If it's getting hyphy, hit me with a night stick  
Slip right into your stripper shoes  
Roll the dice, I got snake eyes and dÃ©jÃ  vu  
Poppin' off and I'm bouncing with ballyhoo  
Tune in (tune in)  
Turn on (turn on)  
Drop out

Going down the rabbit hole  
Get away from all we know  
Come on, follow  
Come on and follow me  
Going down the rabbit hole  
Even hoes and gigolos  
Come on, follow  
Come on and follow me

Quick, slow, high or low  
You're never gonna know for sure  
'See him starin' off  
Down the rabbit hole

Catnip and honey,  
see it happen all over town  
houses of candy,  
build them up and then burn them down  
it melts in your face and not Amour-all  
It starts in the base and it ends in the crystal ball

Going down the rabbit hole  
Get away from all we know  
Come on, follow  
Come on and follow me  
Going down the rabbit hole  
Even hoes and gigolos  
Come on, follow  
Come on and follow me

Disco rodeo  
My kaleidoscope  
Cleopatra knows  
What's down the rabbit hole

Going down the rabbit hole  
Get away from all we know  
Come on, follow  
Come on and follow me  
Going down the rabbit hole  
Even hoes and gigolos  
Come on, follow  
Come on and follow me

Quick, slow, high or low  
You're never gonna know for sure  
'See him starin' off  
Down the rabbit hole
