Glamorize Lyrics

Ravage me
take your time
swallow me
glamorize

Loving touch
sick suicide
feels so much
glamorize

Be extreme
take your time
silently
glamorize

Feel my breath
upon your thighs
feeling wet
glamorize

we should run away
get caught up
forget the world
tell it to shut up

Iâ€™ll take your hand
to a private place
we escape the dark
In a fire blaze

You take me in
ignoring time
We're burning now
and I know youâ€™re
mine

consolationâ€™s
very swell
universe align
Glamorize today

Ravage me

take your time
swallow me
glamorize

Loving touch
sick suicide
feels so much
glamorize

Be extreme
take your time
silently
glamorize

Feel my breath
upon your thighs
feeling wet
glamorize

we should run away
get caught up
forget the world
tell it to shut up

I'll take your hand
to a private place
we escape the dark
In a fire blaze

You take me in
ignoring time
We're burning now
and I know you're
mine

consolation's
very swell
universe align
Glamorize today
