I seem to be so fucking lucky lately
I found the key to endless treasure
My heart is pumping and I like what I see
Ya give me joy and give me pleasure
I'm on an easy ride
I got my jewels I got a rock and
no one can break my stride
I'm coming hard with heavy pockets
But I'm not gonna keep it

That's why I open up my bag and let it go
Blow my cash up big and hit the road whoa
pots of gold won't do little brother
if ya don't share your love with one another
flash don't matter
love wins over glamour

(you got love baby)
(you got love)

We're strong alone with all my riches 'round me
couldn't get over all the diamonds
I tried to roll in all my gold but honey
there was no love that it could shine on shine on
Love was far out of sight
I was unsatisfied
I wanna do it right
I need to love tonight

That's why I open up my bag and let it go
Blow my cash up big and hit the road whoa
pots of gold won't do little brother
if ya don't share your love with one another
flash don't matter
love wins over glamour

I got the secret code (yeah)
So stand up and get a clue from me
cold hard cash leave you cold
if you got hot then leave and come with me
come on

come on and get it
come on and get it

That's why I open up my bag and let it go
Blow my cash up big and hit the road whoa
pots of gold won't do little brother
if ya don't share your love with one another
Cause love is the key
To open sesame
You got the key
You want the key
You got the need
You need a key
You got the key
You need a key
You got the key
Love wins over glamour
