Oh, seconds, hours, so many days
You know what you want but how long can you wait?
Every moment lasts forever
When you feel you've lost your way

And what if my chances were already gone
I started believing that I could be wrong
But you gave me one good reason
To fight and never walk away
So here I am still holding on

With every step, you climb another mountain
Every breath, it's harder to believe
You'll make it through the pain
Weather the hurricanes to get to that one thing

Just when you think the road is going nowhere
Just when you almost gave up all your dreams
They take you by the hand and show you that you can
There are no boundaries, there are no boundaries

I fought to the limit to stand on the edge
What if today is as good as it gets?
Don't know where the future's headed
But nothing's gonna bring me down

Jumped every bridge, I've run every line
I risk being safe, I always knew why
I always knew why
So here I am still holding on

With every step, you climb another mountain
Every breath, it's harder to believe
You'll make it through the pain
Weather the hurricanes to get to that one thing

Just when you think the road is going nowhere
Just when you almost gave up all your dreams
They take you by the hand and show you that you can

You can go higher, you can go deeper
There are no boundaries above and beneath you

Break every rule
'Cause there's nothing between you and your dreams

With every step, you climb another mountain
Every breath, it's harder to believe
You'll make it through the pain
Weather the hurricanes to get to that one thing

Just when you think the road is going nowhere
Just when you almost gave up everything
They take you by the hand and show you that you can
There are no boundaries, there are no boundaries
(There are no boundaries, there are no boundaries)
Oh, there are no boundaries, there are no boundaries
(There are no boundaries, there are no boundaries)
There are no boundaries
