Jumpin' out the window  
Movin' on, groovin' on  
Which way will the wind blow?  
We can't be wrong, so say 'solong'  
I'mma pick you up, I'mma pick you up  
What're you tryin' to say to me?  
Catch the train at two what you're tryin' to do  
Are you gonna play with me?

All my life, I've been waiting  
Pass my time, procrastinating now  
It's a trip I'm a flip  
And flash right through the scene  
Can't you see what I mean?

Breaking through the boundaries  
Rollin' on, strollin' on  
They won't ever find me  
And after all, we'll have a ball  
I'mma pick you up, I'mma pick u up  
We're gonna see where we can go  
This is how I live, this is what I give  
And you're the one I want to know

All my life, I've been waiting  
Pass my time, procrastinating now  
It's a trip on a flip  
And flash right through the scene  
Can't you see what I mean?

Tiny minded two-tone suckers  
Same old faces make me shudder  
Countless times I've screamed 'oh brother!'  
Where are you? I need someone to be my lover

All my life, I've been waiting  
Pass my time, procrastinating now  
It's a trip on a flip  
And flash right through the scene  
Can't you see what I mean?

It's a trip on a flip

And flash right through the scene  
Can't you see what I mean?
