I saw a picture of you
Hanging in an empty hallway
I heard a voice that I knew
And I couldn't walk away
It took me back to the end
Of everything
I taste it all I taste it all
The tears again

Outside the rain's fallin' down
There's not a drop that hits me
Scream at the sky but no sound
Is leavin' my lips
It's like I can't even feel
After the way you touched me
I'm not asleep but I'm not awake
After the way you loved me

I can't turn this around
I keep running into walls that I can't break down
I said I just wander around
With my eyes wide shut because of you
I'm a sleepwalker walker walker walker
I'm a sleepwalker walker walker walker

Let me out of this dream

Everywhere that I go
I see another memory
And all the places we used to know

They're always there to haunt me
I walk around and I feel so lost and lonely
You're everything that I want
But you don't want me

I can't turn this around
I keep running into walls that I can't break down
I said I just wander around
With my eyes wide shut because of you
I'm a sleepwalker walker walker walker
I'm a sleepwalker walker walker walker

Let me out of this dream, dream
Let me out of this dream

I can't turn this around
I keep running into walls that I can't break down
I said I just wander around
With my eyes wide shut because of you
I'm a sleepwalker walker walker walker
I'm a sleepwalker walker walker walker
I'm a sleepwalker walker walker walker
I'm a sleepwalker walker walker walker

Let me out of this dream
