So bite my tongue  
From far away  
I can't feel the words you say  
They drift on  
In and out of my world  
And stupid me  
I can't relate  
Do I love or care or hate?  
Are you my friend,  
Are you the end  
Or just a girl?  
You're still here  
I can't believe  
My life has not moved on  
Out of fear  
Or even knowing with you  
Something will go wrong  
I guess I can't replace  
The poetry from off your face  
It speaks to me like  
I'm the only one  
So bite my tongue  
From far away  
It's a game we shouldn't play  
And I know  
Someone's bound to get hurt  
But that's you  
Your spirit's free  
You would take that chance on me

And I know you don't mind  
Playing in the dirt  
Cause you're still here  
I can't believe  
My life has not moved on  
Out of fear  
Or even knowing with you  
Something will go wrong  
I guess I can't replace  
The poetry from off your face  
It makes me like  
I'm the only one

I am the only one  
Only one  
Only one  
Cause you're still here  
I can't believe  
My life has not moved on  
Out of fear  
Or even knowing with you  
Something will go very wrong  
I guess I can't replace  
The poetry from off your face  
It makes me like  
You're the only one  
Whoever understood  
It makes me feel like  
I'm the only one
