If you need me, I'll be waiting
In the glances we've been trading
You're so playful, but i'm breaking
'cause i'm lonely upon waking
I don't think you're right
You shove me out of your line of sight
Picture, if you can,
All of your trust in just one man
All this broken glass
And it's falling in my lap
Are you out to bring me down?
Promise or just pass
'cause I need this thing to last
Are you out to bring me down?
If you need me, I'll be waiting
But your interest has been waning
"if you need me" is not a concept
I think you've been entertaining
I don't think you're right
You shove me out of your line of sight
Picture, if you can,
All of your trust in just one man
All this broken glass
And it's falling in my lap
Are you out to bring me down?
Promise or just pass
'cause I need this thing to last

Are you out to bring me down?
I've been waiting so long I forgot why I came
All the words I write down don't amount to my pain
She's forever like a permanent picture
Branded into my brain
What's the point in elaborating
When it all sounds the same?
If you need me, that's a great thing
But, I don't think you've been waiting
I don't think you're right
You shove me out of your line of sight
Picture, if you can,
All of your trust in just one man
All this broken glass

And it's falling in my lap
Are you out to bring me down?
Promise or just pass
'cause I need this thing to last
Are you out to bring me down?
All this broken glass
And it's falling in my lap
Are you out to bring me down?
Promise or just pass
'cause I need this shit to last
Are you out to bring me down?
