I didn't mean to scare you and
I didn't mean to seem so weird
I made a big mistake this morning
If you're scared, it's what I feared
Do you think that's cool?
Do you think that's all right?
Well you're taking everything you feel it is
Everything of mine
I guess the game is over
It was so unfair
No longer can I play the half that's
Pretending not to stare
I know it's not your loss and
I know you don't care
I just get so fucking weak
Every time you're there
The truth in fate of which I don't believe
Destiny's the force which makes me leave
Insomnia again another
Side effect of caffeinated drink
I can't afford each opportunity
Where I can't help but think
Do you think that's cool?
Do you think that's all right? (all right all right all right)
Well you're taking everything you feel it is
Everything of mine
I guess the game is over
It was so unfair
No longer can I play the half that's
Pretending not to stare
I know it's not your loss and
I know you don't care
I just get so fucking weak

Every time you're there
The truth in fate of which I don't believe
Destiny's the force which makes me leave
It's not the same anymore is it?
It doesn't feel the way it used to
Do you miss the way we saw it?
'cause I sure as hell miss you
You think it's right

You think it's fine
You're taking everything you feel it is
Everything of mine
I guess the game is over
It was so unfair
No longer can I play the half that's
Pretending not to stare
I know it's not your loss and
I know you don't care
I just get so fucking weak
Every time you're there
You think it's cool
That you thought about you
But what you don't understand is what
You weren't supposed to do
And I know you know that
You put me through hell
And I forgive you 'cause your not forgiven
No you're you as well
The truth in fate of which I don't believe
Destiny's the force which makes me leave
And I can't forget the way we saw it
I can't escape that day
And I can't forget the feeling I had to lose
Not after I got it that way
