Adam Rickitt - Everything My Heart Desires

=====

Everything about you, oh yeah, alright

Chorus:

One kiss heaven isn't far
you're everything my heart desires
Your love has no missing parts
it's everything my heart desires

There aint no one better for me
Every day and night baby, in my life, it's you
you're my front-page story
Wanna tell the world Im in love with you, girl

can't believe it's real
Everything I feel
Baby, it's too hard to conceal

Chorus

Got it girl
You got it baby

Thought I'd be forever searchin?
on an open road I had nowhere to go
So I, I said a prayer and God heard it
Come and set me free send an angel to me

And then you appeared
Everything was clear
I just can't believe that you're here (that you're here)

Chorus

Bridge:

(Ooh, yeah) the best thing underneath the stars
you're everything my heart desires (got it going on)

don't change I love the way you are
you're everything my heart desires

Just everything about you baby
Oh yeah, whoo

Chorus

Bridge

One kiss heaven isn't far
you're everything my heart desires (oh yeah)
you're love has no missing parts (you got it girl)
(I want it now)
it's everything my heart desires (its everything)
The best thing underneath the stars
you're everything my heart desires
