=====  
Adam Rickitt - The Best Thing  
=====

didn't you know you're the best thing (x3)

it's taken time for me to find  
That the one true path was right before my eyes  
Oh, was I blind not to see  
That you're really something you were made for me

Bridge:

And who can tell me baby, the reason of the rhyme  
Youve got me hooked, you get me every time

Chorus:

didn't you know you're the best thing  
Have I ever told you  
You fill my soul (You fill my soul)  
You make it right  
didn't I say you're the best thing  
Now I really know you  
You put the light (You put the light) into my life

didn't you know you're the best thing

I never hoped to understand  
Thought to love somebody was a dreamers hand  
I found it all a mystery  
But you made me give so very easily  
And when Im with you baby  
I fall into your arms  
What man alive could resist your charms

Chorus (2x)

didn't you know you're the best thing (x3)

Bridge

Chorus till fade
