=====
Adam Rickitt - The Best Thing
=====

didn't you know you're the best thing (x3)

it's taken time for me to find
That the one true path was right before my eyes
Oh, was I blind not to see
That you're really something you were made for me

Bridge:

And who can tell me baby, the reason of the rhyme
Youve got me hooked, you get me every time

Chorus:

didn't you know you're the best thing
Have I ever told you
You fill my soul (You fill my soul)

You make it right
didn't I say you're the best thing
Now I really know you
You put the light (You put the light) into my life

didn't you know you're the best thing

I never hoped to understand
Thought to love somebody was a dreamers hand
I found it all a mystery
But you made me give so very easily
And when Im with you baby
I fall into your arms
What man alive could resist your charms

Chorus (2x)

didn't you know you're the best thing (x3)

Bridge

Chorus till fade
