cause the shocks are fucking shot,

and my seatbelts fuckin broken,

i cant see through the windshield

cause its got a big fucking crack,

and the interior smells real bad

cause my friend puked in the back. (its a piece of shit)

(piece of shit car) piece of shit car

(hes gotta piece of shit car)

it sucks royal dick (that fuckin pile of shit, never gets
him very far)

oh fuck you car.

its got no CD player,

its only got the 8-track.

whoever designed my car

can lick my sweaty nut sack. (they can bite his ass too)

and i got no fucking brakes,

im always way out of control,

11 times a day i hear "hey watch it asshole" (you

to get stuck with you?

you're too wide for drive-thru

and you smell like the shoe,

but im too broke to buy something new.

the engine likes to flood,

the car always fucking stalls,

and the seat cushions got a big rip

so a spring always pokes the balls. (ouch ouch ouch)

plus the doorlocks are busted,

i got to use a fucking coat hanger. (what a pain in his
ass)

and if a girlie sees my car,

theres no chance i'll ever bang her. (he'll never ever
get the pussy)
