I've searched and I've searched  
Oh, but I just couldn't find  
No way on Earth  
To gain peace of mind

You saw me crying in the chapel  
The tears I she'd were tears of joy  
I know the meaning of contentment  
I am happy with the Lord  
(I am happy with the Lord)

Just a plain and simple chapel  
Where all good people go to pray  
I pray the Lord that I'll grow stronger  
As I live from day to day

Oh, I've searched (I've searched)  
And I've searched (I've searched)  
Oh, but I just couldn't find  
No way on Earth  
To gain peace of mind

Take your troubles to the chapel  
Get down on your knees and pray  
He will make your burden lighter  
And you'll surely find a way  
(And you'll surely find a way)
