She is very nice(wicked and awesome)and her name is  
Katie(spelt with a 'Y')  
Although she can sometimes be a bit loud  
It almost always ends up a nice sound  
Her hair is brown, her hair is straight(but sometimes  
curly)  
Her eyes are round(and green)and her smile is great,  
yeah  
Her smile is great yeah  
Katie I hope you feel better real soon  
'Cause a close friend is very hard to lose  
We might be heading into hard times  
But if you'd like I'll help you get by  
She is very sweet and so very kind(and smart and  
honest and beautiful and....I could go on forever)  
The kind of girl I would want to be mine  
Katie is a girl I like(need)to be with  
I can't wait until the first time we kiss(in Bali)  
Katie I hope you feel better real soon  
'Cause a close friend is very had to lose  
(So I won't ever lose you)  
But remember you have a lot of friends out there  
There's always me and that kid with red hair!!!!  
(I can't live without my Katy!!!!)
