Land is soak up blood by ages  
All is forever here  
Where sun forever goes  
Where fires was burning  
Where sunset still live

Step by step... in chaos of unbeing  
Step by step... in abyss of darkness

Fear for fear  
We're was laid in fear  
Blood for blood  
We're was wanted by blood  
We're live in fear... life of illusions

Dying emotions domain  
Here hate is respect  
Here power no for turning back  
Here power and might for stand above

Difficult way through the fear and pain  
Strong, be a stronger!  
Bold, be a bolder!  
Let's hell burning red,  
The sky is denied

Land is soak up blood by ages  
All is forever here  
Strong, be a stronger!  
Bold, be a bolder!  
Breaking the light

Dying emotions domain  
...Rise above... upward...
