You're too busy, to see my hands  
It doesn't hurt to open up your eyes  
Your throwing your life away  
I can't stand to see you do this to you're self  
You step towards this lie, you call living  
I can see you breath,  
BUT ARE YOU REALLY  
Breathing  
Fight deception  
You say you'll find yourself without him  
How can you be so blind  
Wish you would see the light, and step away from  
you're old life  
How long will it take you, for you to realise  
Your moving faster, and time is running out  
Break free, find his outstretched hands  
You're worth more than what you feel you are  
You won't let me help no matter how I try  
You're choice's are running out, but I'm on your side  
I can see your suffering, cry help me, cry help me  
I can see your suffering  
Untie this knot around my neck, transparent identity.  
You're suffering, cry help me  
What will it take to make you see that his love is true  
When will you hand you're life back over to him
