You're so alive
Let the wave's crash over broken shores, as we burn
down
And fill this place up with your love
We persist to ignore your whispers
You've come so far, you've come so far
A mile away from what is
Press on
Spell it out this time, tell me what you have to say
With heavy hearts will never, well never
I know, I know
That when you cut the silence I'll be home
I know, I'm home
It's all for you
It's broken, it's broken, you sold your soul
You, you take me home
Come back home, come back home
Still on these sky lit wings we lay, when all the rest is
gone
You'll never, give up on me
You'll never, give up on me
Restless, come find me here, Come
Every-time I start to come crashing down
You're there to catch me
You're there to pick me up And we'll fall asleep in your
grace tonight
Search him, embrace his love, search him find home
tonight
I can't turn my back, I will see this to the end
Oh is this everything that you want?
Let him in, Let him in
I can see the end, I can see the end
