She needs some room to breathe
Because she's suffocating
And she wants me to understand
So now I've got some time on my hands

And she wants to miss me
She needs her time
To be away awhile
So do I

Now, This is all so new to me
Now I've got some room to breathe
What am I gonna do today
One thing's for sure baby I won't wait
Make a friend or two
Oh yea, that's just what I'll do
Talk about religion or life
Anything to get you off my mind

She wants to miss me
She needs her time
To be away awhile, think about my smile

She wants to miss me
Oh, she needs her time
So do I

So, go ahead and give me all the time it takes
And every time that you come around (brings me down)
Listen to the sound that's inside you
And I miss you

She needs some room to breathe
Because she suffocating
'Cause she wants me to understand

She wants to miss me
She needs her time
To be away awhile, think about my smile
She wants to miss me
Oh, she needs her time
So do I

So do I

Iâ've been waiting on the phone to ring
Not me, never do such a thing
