Light the gasoline
I've got the remedy
To burn your memories
I don't know if you can
Never be afraid
To live with the lies of pain
You're never gonna be the same
I don't know if you can

I wanna take it too far
Come on, don't be shy
I wanna make you go down, down

Want to make you scream
How I live my life
When I have no choice
I see it in your eyes, you're crazy
Just scream how it feels inside
Let me hear your voice
And make it loud this time
It opens up my mind

Tell me what you see
I'm not your enemy
If that's what you wanna be
I don't know if you can
When you scream my name
When I take all the blame
It's never gonna be the same
I don't know if you can

I wanna take it too far
Come on, don't be shy
I wanna make you go down, down

Want to make you scream
How I live my life
When I have no choice
I see it in your eyes, you're crazy
Just scream how it feels inside
Let me hear your voice

And make it loud this time
It opens up my mind

When you scream
Maybe you're in denial
It kills me
I can see it, it's on your face
Just scream
Now I'm breaking the silence
When you scream
Let it go, I can take it away

Want to make you scream
How I live my life
When I have no choice
I see it in your eyes, you're crazy
Just scream how it feels inside
Let me hear your voice
And make it loud this time
It opens up my mind

Maybe you're in denial
Want to make you scream
I can see it, it's on your face
When you scream
Now I'm breaking the silence
Want to make you scream
Let it go, I can take it away
