When we used
To say goodnight
I'd always kiss
And hold you tight
But lately
You don't seem
To care
You close the door
And leave me
Standing there
Oh, honey
That's not fair
That's it
I quit
I'm movin' on

The other night
We had a date
An you showed up
To hours late
And though your hair
Was all in place
Somebody smeared
Their lipstick
On your face
Oh, they smeared it
Every place
Ye that's it honey
I quit I'm movin' on

Oooohhhh

You made me want you
You made me leave you
You made me tumble
And fall
But if I
Can't have you the way
I want you
I don't want you at all

Baby, I can take a lot

Cause I love
Everything you got
Though your kisses
Fill me
So if you got
Someone else
I gotta go
Oh, that you know
Ye that's it honey
I quit I'm movin' on

Oooohhhh

You made me want you
You made me leave you
You made me tumble
And fall
But if I
Can't have you the way
I want you
I don't want you at all

Baby
I can take a lot
Cause I love
Everything you got
Though your kisses
Fill me
So if you got
Someone else
I gotta go
Oh, that you know
So that's it baby
I quit I'm movin' on
Ye that's it baby
I quit now
I'm movin' on
