Here's a message to my generation
Hey, get up on your feet and join the new brigade
Become a proud member of the opposition
Gotta keep a cool head 'cause the problems they won't
fade

That's right, we're gonna dance the night away
Ain't gonna let nothing get in our way
Dance to the vibration of the revolution
And to the spirit of change

We're all looking for that change
So better times come, better times come someday

Got no faith left for politicians

Their plastic smiles and oh-so-clever lies
Morons who can't tell fact from fiction
We don't want no part in this game of men and mice

That's rightÂ...

We're all lookingÂ...

Oh you're too good
You're really too good to believe
You're like a story with a happy-end guarantee
I say people, I say the people's gonna see
You're a false hope in an already stinking sea

That's rightÂ...

We're all lookingÂ...
