Traffic jam city streets forget about the rest Your sanity will be put to the test Client call repeatedly they want another change Some idiots just canâ€<sup>™</sup> t make up their minds Well I would if you want to go Just sail away from this madness Where we will remain invisible I wonder if what future holds will never gonna come Weâ€<sup>™</sup> re sitting here waiting like a fool Photographs I stumbled on they scattered on the floor Theyâ€<sup>™</sup> re memories that haunt you from itâ€<sup>™</sup> s grave Well I would if you want to go Just fly away from this madness Where we will remain invisible Global warmingâ€<sup>™</sup> s the thing now everybodyâ€<sup>™</sup> s in If youâ€<sup>™</sup> re not green you better not be seen Armageddon, crystal ball, Jesus reappears Theyâ€<sup>™</sup> re prophecies of world comes to an end Well I would if you want to go Just disappear from this madness Yeah I would if you want to go Where we will remain invisible
