Thousand lonely women
Gathering on my lawn
And the cops
Wanna know the meaning of this song

We had to get away fast
When we did we travelled slow
All I ever use
Is the main roads

Christ was driving drunk
Pulled over by the cops
They ask him for a reply
Christ says the essence is rising to the top

Stained glass all around us
Honey let's put the roof top down
Don't be sarcastic baby
It's not needed now

And the linemen come together
They are being discontent
Heard Danny Lopez say
He said it the whole damn day
This land is condemned

We need the admiral for president

Hang man fumbles
The undertaker won't give in
Why don't we kill all of them rockers
He looks wit a wicked grin

Don't need to sing a wise song pretty boy
Is all I heard them say
Don't tempt me man
I might find a way

And the linemen come together
They are being discontent
And I heard Danny Lopez say
He said it the whole damn day

This land is condemned
We need the admiral for president

And the linemen come together
They all being discontent
Saying this land is condemned
We need the admiral
