The clocks of the world are evil in their design  
Our days of wine and song never came  
And calendars map the places we've never been  
So call us the Unlucky Ones  
We walk under ladders as a matter of course  
Jump on every crack we can find  
Thirteen a day if we get half a chance  
So call us the Unlucky Ones

I know, I know you're dying to be free

Come out and dance awhile  
Out in the black cat infested night  
We dance on ledges and spires  
With losers and liars  
We don't have a thing to fear

The Thrill of it all  
Is we've got nothing to lose  
We drank our poison  
Paid all our dues  
And twisted fate  
Until we ripped it in two  
So call us the Unlucky Ones

I know, I know you're dying to be free

Come out and dance awhile  
Out in the black cat infested night  
We dance on ledges and spires  
With losers and liars  
We don't have a thing to fear

They call us the Unlucky Ones  
Your wandering daughters and sons  
They call us the Unlucky Ones

Come out and dance awhile  
Out in the black cat infested night  
We dance on ledges and spires  
With losers and liars

We don't have a thing to fear

So say a prayer for us  
When you go to bed  
The Unlucky Ones
