Visit "[Corporate Disneyland](#)" on MotoLyrics.com

Right here in New Jersey
The Corporate Disneyland
Many opportunities
For an educated man
Go to school, get married
Move right down the block
Lead this sheltered shut in life
And suck the bosses cock
Big man knows a lot
Sitting at his desk
But no one asked a question
So give your mouth a rest
Company owns your house
Company owns your town
Company owns your mind and soul
Company owns your mind and soul
