Visit "[New Year's Eve](#)" on MotoLyrics.com

Light went on but not in time - she's still dead
Red lights pierced right through my mind - she's still
dead
I couldn't stop not in time - she's still dead
Now she's dead, she's dead, she's dead

Apologies can't bring her back
I didn't mean to do it, it's not my fault
She's still dead

Door flew open she flew out - she's still dead
Her skull was smashed on impact - she's still dead
Her life was shattered on the street - she's still dead
She makes no sound the crowd looks on - she's still
dead

Why's everybody staring at me
It's not my fault stop looking at me
She's still dead

She comes to haunt me when I drink - she's still dead
Hop in my car and try to escape - she's still dead
Light went on but not in time - she's still dead
Red lights pierced right through my mind - she's still
dead
