Old people talk loud WHAT?
Old people smell bad WHAT?
Old people walk slow WHAT?
Old people complain

They wouldn't know their names if it weren't on the
check,
Tie up traffic in their Dodge Swingers,
Child proof caps are a problem with arthritis,
They're just too senile for anything else.

[Chorus]

Spend their golden years walking the dog
Get their foodstamps, buy Geritol,
Stay up late nights, pop Somnex,
You lived your lives why don't you just go die

[Chorus]
