"All Went Black"

We've reached our destination
Erased; blink of an eye
Midless determination
Defaced; our mother dies

Lifeblood contamination
Fast forward – ending soon
We breath in ash...
... mankind beneath a killing moon

What you gonna do...
When the weel runs dry?
What you gonna do...
Now you've torn the sky?
What you gonna do...
If the earth fights back?
What you gonna do...
Now it's all gone black?

All went black!
Same mistakes – nothing's ever learned
All went black!
Last chapter – final page is turned
All went black!
There's no-one; no-one left to mourn
All went black!
Hode for man rests with the unborn

All
Went
All went black... black

Head long to termination
Above us – jet black clouds
End game contamination
The sky becomes our shroud

An airborne vile contagion
All life is torn apart
Bleak landscape – devastation
Mass murder... a fine art
