I watch the clock  
I wanna go  
Heart beats fast  
As time... time moves slow  
Palms are sweating  
I've got the shakes  
To end this Hell... 20 beers is all it takes

Bartender! Bring me a drink!  
Keep 'em coming...'till I can't think!  
Hey bartender! Fill my glass!  
Keep on pouring... or I'll kick your ass!

Drown! Drown in beer!  
Drown in beer!  
Drown in beer!  
I left my home  
Jumped in a cab  
Got no money  
Have to start... Start a tab  
Pushed my way  
Past the after-work punks  
Won't stop drinking...'till I - I blow chunks

I'll keep drinking 'till I'm in my grave  
I'll drift away on an amber wave  
So drown your sorrows  
And stop your crying 'cos beer sells... and you are  
buying
