Thrash...

Forced to fight, believe in lies  
Your soul a suckers everyday  
You think your mind is free  
But suckles hold your world in place  
Automatons can't find a way  
Conflict of ideas, a stream of lies  
Disonesty their policy  
Innocents they fry  
You watch them lie  
We breathing bullshit for eternity

Display to me  
Display to me your fucking face  
Explain to us  
How you manipulate our race

Crucified you leave behind  
Sadness of a wage left upon the world  
Evil propaganda at an edge they contemplate  
Beneath the skin chameleons curl  
Rhetoric of lunacy that fills the skies  
An enigmatic tyranny  
Inner sanctum breach  
Forcified bridge  
Sanctified the lands of all the haters

Display to me  
Display to me your fucking face  
Explain to us  
How you manipulate our race

Behind the veil where they hide  
The serpents coil

His the truth true?  
Are their lies false?  
What is the truth?  
What are the lies?

Crucified on a cross of lies

The truth is falling from the sky  
Feeble rebel in a constant coma contemplates  
Hidden masses of the third reich
