I left my city 'cos I felt sick
I dream of home, now the mud is thick
B... bullets fly, can't stand the stench
My cigarettts are wet

No toilets on a battle field - no shit
No toilets on a battle field
No toilets on a battle field - no shit
My rifle's jammed
One bullet left
I'll save that one for myself
So where do I shit, sarge?

My boots don't fit my feet are drenched
Wanna get home get out this trench
So - soldiers die... who gives a fuck?
Just a statistic

... dear father the bombs are dropping like rain
Fear runs through my veins
I'll be home one day
But I'll never be the same again...

No toilets - no shit - 4X

No toilets on a battle field - no shit
No toilets on a battle field
No toilets on a battle field - no shit
My riffles jammed
One bullet left
I'll save that one for myself
