"RAINING TORMENT"

Dark devil in the skies
Coming to take away life
Blind neurotic, soul deranged
Agent of the rising sun above

Brainwashed fighting force
Double-dosed to fight 'til death
A witching hour mercenary
Blackened by a loyal pride within

The skies are raining torment
World homicide injected into the blood
Troops of raging torment
Death brigade brings blitzkrieg raid

Eternity of hate your fate
Your blood turns cold inside your veins
Power-mongers set the stage
While to ashes your soul burns

Warlords deep in greed
Scorching the earth, a Lightning War
Thunder in their wake
Payload of death rains down once more

Ignorance - stronger than hate
No Remorse - fatality gained
Oppression - ashes of disgrace
Brutality - their pleasure is painnnnn
