Thela hun ginjeet thela hun ginjeet
Qua tari mei thela hun ginjeet
Qua tari mei heat in the jungle street

"well, first of all, I couldn't see his face...he was holding
a gun
Against me and...um....i was thinking this is a
dangerous place
Well, this is a dangerous place"

Thela hun ginjeet thela hun ginjeet
Qua tari mei thela hun ginjeet
Qua tari mei heat in the jungle street

"i say I'm nervous as hell from this thing 'cause those
guys were
Gonna kill me for sure...i mean they ganged up on me
like that,
I couldn't believe it! look I'm still shaking. it's weird.
Go out on the streets like this...you can't...dangerous
place,
It's a dangerous place"

"so suddenly these two guys appear in front of
me...stop...real
Aggressive...start at me, ya know, "what...what's that,
what's that
On that tape, whata you got there," I said, "it's a tape,"

"whata you talkin' into that for? " I said, "it's just a tape,
'ya know,
They said, "well play it for us," I said, "oh no!" I put
them off
As long as I could and finally they turned it on, ya
know, they
Grabbed it from me, took it away from me, turned it on
and it says,

"he held a gun in his hand; this is a dangerous place,"
they said,
"what dangerous place, what gun-you a policeman!!"

The deeper I talked the worse I got into it. I talk-i told
"em I said,
"look man, I'm not talk-," it went on forever, anyway, I
finally
Unbuttoned my shirt an said, "look, look, I'm in this
band here, ya know,
I'm in this band, ya know, and we're making a
recording, ya know,
It's just about new york city, it's about crime in the
streets;"
The explanation was goin' nowhere, but finally they just
kinda let me go,
I don't know why...so I walk around the corner, I'm
shakin' like a leaf
Now an' I thought this is a dangerous place once again,
ya know...
Who should appear but two policemen..."

Thela hun ginjeet thela hun ginjeet
Thela hun ginjeet thela hun ginjeet

"well this is a dangerous place...you know I could've
been killed.
Ya know, what really scary is when these guys gather
around you and...
The explanation that I had...i just, I just remember
thinking
This is a dangerous place to live..."
