Low life, reject, fucked with the wrong guy  
He was taking his cut, but got caught  
Frippery buy, hand in the cookie jar  
Took 3 grand, they took his life real slow

He bit the hand that fed  
That path led to the death  
A journey into hell  
A taste of pain that no one's ever felt

Tortured Â– he was  
Broken Â– soul crushed  
Left to die Â– will is killed  
In pain  
Tortured and broken

Strapped down in a leaning chair  
I scream, fear bleeds out  
No second chance, busted, no life  
Warning to the rest  
Warning to the rest
