I've sung a million songs  
Still don't feel like I belong  
I still hide in the words  
It's a science now

I can fall back again  
To the way I was then  
I just can't let it go  
Let it down

If I do this now

I'll be coming up roses  
Coming clean  
Do what I say  
Say what I think  
I mean, who knows  
If I'll ever show up  
Answer the phone  
See what I'm really made of

Am I still a bitter stone  
Better off left alone  
I do miss what I know  
But I can't stay like this

If there's something  
You see in me  
Maybe I could try to be  
I might a little help  
To see what I've missed

A steady hand, a gentle kiss

Coming up roses  
Coming clean  
Do what I say  
Say what I think  
I mean, who knows  
If I'll ever show up  
Answer the phone  
And see what I'm really made of

If I do this now  
Will you show me how

To come up roses  
Come clean  
Do what I say  
Say what I think  
I mean, who knows  
If I'll ever shut up  
Hang up the phone  
See what I'm really made of

Roses  
Coming in clean  
Do what I say  
Say what I think  
I mean, who knows  
If I'll ever shut up  
Answer the phone  
And see what I'm really made of
