Remember when we started
You made it real easy
Always brought me flowers
Came to my job to see me
Now I'm getting nothing
Barely getting love been
I just wanna get back to where, you would tell me all the
time how much you need me
Tell that you love me
That you miss me baby baby
And you're thinking of me only
It feels like somewhere in between
Then and now some things have changed

Why'd you start off doing things
You wouldn't do late in the game
But I wanna get that back
Is that too much to ask for
Maybe its just me

Slowly but surely it seems
kLike
Your
Just
Giving up
On
Us
Don't give up on us
(Don't give up on us)
Don't give up on us
(Don't give up on us)
Us, us, us

Never wanted for nothing
Because you had me covered
You always used to listen to me
(Every word i uttered)
Now you dont pay attention
You be acting distant
I feel like i dont know you anymore, cuz you never
come around
And when you do

You barely talk to me
I remember back in the day when you couldn't keep yo
hands off of me
It feels like somewhere in between
Then and now some things have changed

Why'd you start off doing things
You wouldn't do late in the game
But I wanna get that back
Is that too much to ask for
Maybe it's just me

Slowly but surely it seems
Like
Your
Just
Giving up
On
Us
Don't give up on us
But I wanna get that back
Is that too much to ask for
Maybe it's just me

Slowly but surely it seems
Like
Your
Just
Giving up
On
Us
Don't give up on us
(Don't give up on us)
Don't give up on us
(Don't give up on us)
Us, us, us

Your love was here before but it's gone today
If you don't want me no more
I'll be on my way
(It would be hard to see it come to an end now that you
keep hurting me over and over again)
I remember where we used to have the best time
together
But it couldn't get no better
But I wanna get that back
Is that too much to ask for
Maybe it's just me

Slowly but surely it seems
Like

Your
Just
Giving up
On
Us
Don't give up on us
(Don't give up on us)
Don't give up on us
(Don't give up on us)
Us, us, us

But I wanna get that back
Is that too much to ask for
Maybe its just me

Slowly but surely it seems
