[Adrienne Bailon:]

Maybe this was meant to be
Maybe now it should be me
Been dreaming of this forever
But I'm feeling so confused
Between you and I
And I don't know what to do

[Chorus:]

Oh. We'll stay together always that's the promise we
made
But suddenly it's not so clear
And I'm being pulled both ways
And it's breaking my heart, tearing me apart
It's impossible to choose
What if I don't try,
What if I do
Everything that I've dreamed right in front of me
If I win what would I lose
How can I learn to live one day with what if

Oh ooh. Things will never be the same
No no, maybe that's the price of fame
Been waiting for this forever
It's close enough for me to touch
But if I don't go for it, I might always regret
But is it worth us breaking up

[Chorus:]

Oh. We'll stay together always is the promise we made
But suddenly it's not so clear
And I'm being pulled both ways
And it's breaking my heart, tearing me apart
It's impossible to choose
What if I don't try,
What if I do
Everything that I've dreamed right in front of me
If I win what would I lose
How can I learn to live wondering,

What if I would have tried, I could shine even fly
I don't want to realize after it's too late no ooh,

And see it all pass me by,
If I could, if I don't, will I ever really know,
What the future could hold, before it slips away
Could be the chance of a lifetime

And it's breaking my heart, tearing me apart,
It's impossible to choose
What if I don't try, what if I do
Every dream that I dream, right in front of me
If I win, what would I lose
How could I learn to, live wondering what if
I'm never going to say, what if
