Just one step ahead
On the top of the high rise
The whole world's crashing down
'Til hit the boulevard

As downwards shadows grows
Shades of life they rush
Stretched for a lifetime
'Til hit the boulevard

Sã³ mais um passo em frente
No topo de um arranha cã©us
Todo o mundo parece colabar
Atã© beijar o boulevard
O horizonte escurece o reflexo
Toda a cã´r torna cinza
Pra fixar um ponto concreto
E espetar no boulevard

Just one step ahead
On the top of the high rise
The whole world's crashing down
'Til hit the boulevard

As skylight dims it's glare
As colors turn to grey
Gave to concrete sting
As hit the boulevard
